

ATI has performed numerous services for residential, commercial, industrial and institutional clients, as well as for other environmental firms addressing environmental and safety issues since 1994. Due to the nature of our services and the confidentiality we offer to our clients and contracting partners, only a few references can be published at this time.

The following list is published with our client's permission. However, the client reserves the right to refuse to provide details about the services provided, or the nature of the circumstances for which our services were requested.

AIR DUCT CLEANING REFERENCES

Since its inception in 1999, Air Tech's Air Duct & HVAC Cleaning division has successfully completed over 14,500 residential, commercial and institutional projects with a consistent 92% customer satisfaction record. Remaining percentage accounts for project halt/cancellations due to inclement weather, schedule changes and; a few unforeseen circumstances that were beyond Air Tech's capabilities and/or control (should you find the perfect company, let us know).

We respect our client's privacy. Thus, would like to express our gratitude to all whom willfully pledged to be listed below.

Please note that

- (1) Clients' phone numbers are available upon request;**
- (2) May reserve the right to refuse to provide details about services provided and;**
- (3) Listings may be up to 5 Years old. Additional references may be found at the following consumer's guide web sites: Angie's List | Consumer's Checkbook**
